EDUCATION

MSc Computer Science, KTH (started in 2010 - expected completion in 2016)
I'm currently in the final year of the programme.

Exchange studies, INSA Lyon (fall 2014)
I went abroad for slightly more than a semester.

Summer course, Python 3.0 (2010)

Pre university course in technical sciences (2009 - 2010)
I took social studies and economics in high school so I needed a few courses in physics and maths in order to attend the MSc programme.

Fria Gymnasieskolan i Haninge (2006 - 2009)
High school. Social studies and economics.

Preschool - Vendelsömalmskolan (1997 - 2006)
Graded 315/320 pts.

WORKING EXPERIENCE

2014, 2015 - during summers Web developer, NOAX Lab / L.A.B. Norway

During the summer I have worked as the main developer of a web shop for NOAX Lab and L.A.B. Norway creating their web shop and web site respectively.

2013 Exercise assistant, KTH

Foundation course in MATLAB and numerical methods as well as a foundation course in python.

2013 Technician of operations, QD Sverige AB

I worked at QD for two months during the summer. Mostly we worked in Windows environments in accordance with ITIL principles. I worked in service desk with various tasks such as account management in Exchange and Active Directory, as well as solving minor interruptions/errors in a ton of third party applications. It was very rewarding and I learned a whole lot during these two months.

2012 Self-employment

I started my own firm so I could develop things for the web. I mostly worked with front-end - HTML 5, javascript and CSS and back-end - PHP (WordPress).

2009 Project leader, Municipality of Haninge

During the summer of 2009 I led a project called Participation -09. I was responsible for fourteen summer workers during two weeks. They worked hard on a report of the youth influence in the local community and marketing the new youth creation centre in the municipality. My tasks were to administer, plan and execute the whole project.

2008 Summer job, Haninge Brandredskap AB

I worked at Haninge Brandredskap (they sell equipment for firefighters) during the summer with drawings of SBA:s (similar to fire escape plans, but made for firefighters).

LANGUAGE

- Swedish - Native
- English - Fluent
- French - Level B1

COMPUTERS, PROGRAMMING AND PROJECTS

<u>Operating systems</u>	<u>Applications</u>
Linux (mostly Ubuntu)	Adobe (PS, AI)
Windows	MS Office
OSX	IDE:s like Eclipse
	Git (and Github)
	Emacs
<u>Programming languages (More accustomed to)</u>	<u>Programming languages (Acquainted with)</u>
C/C++	Assembly (some ARM, Nios II)
Javascript	Ruby
PHP	Shell scripting (bash)
Go	Haskell
Python	Prolog
(HTML and CSS)	Matlab
Java	

FREE TIME ACTIVITES

In my spare time I practise aikido (3rd kyu), dance lindy hop, play the guitar and spend time with my friends and family.

OTHER ACTIVITES

During my years in school, I've been in the student council on various positions, worked as an ambassador and taken part in starting up an association for youth influence and participation in society called Demou. I've also helped out as an assisting trainer during aikido practise.

- Driving license (Swedish).
- Worked as a CEO for a minor student company in high school.
